

Dear All,

I would like to invite everyone on behalf of Department of Pulmonary Medicine ESI-PGIMSR for a workshop on "Sleep Disordered Breathing with Case based learning" at silver jubilee hall of ESI- PGIMSR Delhi on 9<sup>th</sup> August 2014 from 9 am- 4pm.

### **Aims of the workshop**

1. To highlight importance of sleep disordered breathing. Since, sleep disordered breathing as per The International Classification of Sleep Disorders 3<sup>rd</sup> edition (ICD 3), the second most commonest disorder, we wish to impart basic knowledge on Sleep disordered breathing with case based learning.
2. To give basic knowledge on Pediatric sleep apnea
3. To give practical knowledge to practicing physicians about how to manage cases of sleep disordered breathing.
4. To equip the attending physician with a pocket book-guide to manage cases of SDB.

### **Highlights of program**

- Eminent speakers from Delhi will impart the knowledge on SDB.
- The registration is free
- It is accredited by DMC with 4.45 hours of credit.
- On spot registration is permitted. However, anyone who wishes to register earlier can register with details regarding name, place of work, designation, contact no and email ID at the very email ID from which the mail is being sent.

For details one can visit [www.esipgimsrbasai.in](http://www.esipgimsrbasai.in) or type "Sleep Disordered Breathing Case Based Learning" on facebook.

Thanking you,

Dr Dipti Gothi  
Organizing Chairperson  
Associate Professor  
ESI-PGIMSR
